MDU requests the Commission waive procedures and time schedules set forth in North Dakota Century Code chapter 49-22 and North Dakota

fare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?

please notify the Commission.

PUBLIC SERVICE COMMISSION
Kevin Cramer, Commissioner
Tony Clark, Chairman
Brian P. Kalk, Commissioner

motion carried unanimously.

Mr. Dale reported on projects—has some floor plans for science room but still no solid numbers. House of Glass provided an estimate of $15,000 to replace front doors/entrance. Motion by Nitschke to take bids on the wall panel project for the entire building (except east side) using option #1 presented by YHR Architecture. Second by Fey, motion carried unanimously. Board members would like one more bid on the front entrance. They also asked Mr. Dale to check on the cost of a science pod, as well as obtain an estimate for construction of the storage room wall proposed for the science room.

The district will have a special needs child in preschool this fall—SCPSEU director is recommending hiring a paraprofessional for the child. Motion by Wishek to authorize Mr. Dale to advertise for a part-time paraprofessional. Second by Schnabel, motion carried unanimously.

President Meidinger reported the superintendent evaluation has been completed and Mr. Dale received satisfactory marks in all areas.

Superintendent interview questions--board members agreed to submit 5 questions each to Teresa by March 22nd. She will compile them and send out to board members for review.

Superintendent's report: 1) Elementary parent-teacher conferences—92% participation;

2) Will need to look for an assistant volleyball coach from Ashley next year, as Ms. Richardson is not interested.

Siting application for up to 100 wind towers

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
enXco Development Corporation
Merricourt Wind Power Project
Siting Application
Case No. PU-08-932
NOTICE OF FILING AND NOTICE OF HEARING
April 15, 2011

On October 6, 2010, enXco Development Corporation filed an application for a certificate of site compatibility to authorize construction of a 150 MW Merricourt Wind Power Project consisting of up to 100 wind turbine generators and associated facilities in Dickey and McIntosh Counties of North Dakota as shown on the attached map.

A Public Hearing on the application is scheduled to begin on May 12, 2011 at 10:00 a.m. CDT at the Dakota Family Restaurant, 103 West Main Street, Ashley, ND 58413. The issues to be considered are:

1. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials please notify the Commission, at least 24 hours in advance.
