Letter to John Bullis requesting Affidavit etc. with attachments

for delivery to the ethanol facility in Hankinson during the month of October 2008. The payment terms agreed to in all three contracts were "Net 10" as provided in Exhibit KS-1 attached to Affidavit of Keith Saunders in Support of Nonpayment of Grain Claim of Keith Saunders executed March 11, 2010 and attached to this Affidavit.

3. Following delivery of the corn on these cash contracts, US Bio Hankinson, LLC issued checks within 10 days of delivery as provided in the payment terms of the contracts. I received US Bio Hankinson, LLC check number 6388 dated July 8, 2008, for the amount of \$42,888.57, check number 6436 dated July 15, 2008, for the amount of \$32,939.76, check number 6539 dated July 28, 2008, for the amount of \$15,106.02, check number 6923 dated September 20, 2008, for the amount of \$5,119.78, and check number 7086 dated October 13, 2008, for the amount of \$9,796.02. The checks were issued to me and Dacotah Bank.
4. I misplaced the checks. I had a file with the checks lying out on the kitchen table. I had to leave in a hurry so I put the checks back inside the file. I closed the file and put it away. We were busy with farm work and I forgot that I put the checks in the file. When I looked in the file in November, I found the checks. I recalled hearing that VeraSun had filed for bankruptcy, so I called my attorney immediately. My attorney told me to take the checks to the bank. I took the checks to the bank the next day.
5. I deposited check numbers 6436, 6539, 6923, and 7086 at Dacotah Bank. I was notified that all of the checks had been returned and were marked RETURN REASON (C), STOP PAYMENT. I assumed that check number 6388 would also

be returned for the same reason. I did not attempt to deposit it because of the bank service fees that I had already paid for the other four checks that were returned marked stop payment.

6. My usual practice is to deposit checks soon after I receive them and I have not held checks like this before. It was only because I had misplaced the checks that I did not deposit them earlier.
7. I am familiar with credit-sale contracts because I have entered into credit-sale contracts with my local cooperative elevator. Most of my crop is sold for cash. I sell only about 10-15% of my crop via a credit-sale arrangement. I like to keep credit-sales to a minimum because I'm a farmer and not a banker.
8. I never intended to extend credit to VeraSun for the sale of my corn. I did not execute any oral or written agreement to sell my corn under a credit-sale arrangement.
9. I did not file a claim in bankruptcy court.
