6.18 Long Distance Interexchange and 800 Services (Moved from Sheet Nos. 59, 59.01, 59.1, 59.2, 81, 81.01, 81.1, 81.2, 81.3, 81.3.1, 81.4, 81.5, 83, 83.01, 83.1, 83.2)

Effective February 15, 2008, these Long Distance and Toll Free packages are no longer available to new customers.

A. Descriptions

McLeodUSA long distance services are interexchange telephone services that allow customers to originate and terminate interexchange calls at locations within the state of North Dakota. A Customer must select McLeodUSA as their primary interexchange carrier for both Interstate and Intrastate long Distance. With the exception of Preferred Advantage® long distance services, usage charges are based on the duration and time of day of each call when applicable. Where Customer's local service is provided by McLeodUSA, McLeodUSA offers reduced long distance pricing on a nondiscriminatory basis provided all Customer's local lines at a Customer location are served by McLeodUSA. Intrastate rates will be applied to any call record where the originating ANI is not provided by the customer or the originating carrier.

Long Distance Preferred Advantage® Packages consist of a bucket anytime minutes used by the Customer for both incoming and outgoing domestic long distance calls. Long distance minutes used in excess of the bucket of minutes shall be billed at the "overage rate per minute." Preferred Advantage® Inter/Intrastate Plan Plus is available to Business Customers.

Preferred Advantage® Dedicated Long Distance Plus provides dedicated outbound 1+ long distance services for business customers that bill over 50,000 minutes of long distance usage (*i.e.*, both inbound and outbound Long Distance) per month per and purchase more than \$500 per month in telecommunications services from McLeodUSA. A direct connection must be established with the McLeodUSA network via a Dedicated Access Line (DAL).
