Notice of Hearing

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION

M-Power, LLC/Otter Tail Corporation Transfer of Site Certification Sitting Application Case No. PU-09-73

M-Power, LLC/Otter Tail Corporation Transfer Corridor Cert. 106 & Rte Permit 116 Sitting Application Case No. PU-09-136

NOTICE OF OPPORTUNITY FOR HEARING

On October 30, 2008, in Case No. PU-08-34, the Commission issued Certificate of Site Compatibility No. 9 to M-Power, LLC (M-Power) authorizing construction of Phase II of its proposed Laverne Wind Farm consisting of 33 turbines and associated facilities totaling 49.5 MW of nameplate generating capacity in Steele County, North Dakota.

Also on October 30, 2008, in Case No. PU-08-107, the Commission issued Certificate of Corridor Compatibility No. 106 and Route Permit No. 116 to M-Power authorizing construction of approximately 13 miles of 230 kV transmission line and associated facilities in Barnes and Steele County, North Dakota.

On February 20, 2009, Otter Tail and M-Power filed a joint Application for transfer of Certificate of Site Compatibility No. 9 (Case No. PU-09-73) and for transfer of Certificate of Corridor Compatibility No. 106 and Route Permit No. 116 (Case No. PU-09-136) to Otter Tail Corporation d/b/a Otter Tail Power Company (Otter Tail).

The issues to be considered in these matters are whether Otter Tail agrees and is able to comply with the terms and conditions of the certificates and permits issued to M-Power and whether the re-

quested transfers are compatible with the public interest.

Those interested are invited to comment on the applications in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding(s) and the reasons for requesting a hearing. Comments and requests for hearing must be received by May 12, 2009. If deemed appropriate, the Commission can determine the matter without a hearing.
