RE: Discontinue Business – Roving Grain Buyer
Commercial Lynks Inc., Alexandria, Virginia

Commercial Lynks Inc. of Alexandria, Virginia, is licensed and bonded as a North Dakota roving grain buyer. Commercial Lynks Inc. notified the Commission that they are no longer operating as a roving grain buyer in North Dakota and asked that their license be canceled as of March 23, 2009.

Commercial Lynks Inc. asked their bond company to cancel their roving grain buyer bond and had until March 23, 2009 to file a replacement bond or submit a request to the Commission asking that their roving grain buyer license be canceled. Commercial Lynks Inc. indicated that if in the future they decide to operate as a roving grain buyer in North Dakota, they would apply for a new license.

I recommend the request be approved. A corresponding motion and order are attached.
