

HELP WANTED

ASSISTANT STATE'S ATTORNEY. An County is accepting applications for an assistant state's attorney position to practice law in North Dakota. Minimum salary \$46,416.60. Applications must be delivered to the County State's Attorney's Office, 1000 Ave. SE, Suite 2, Jamestown, ND 58401 (701) 252-6688, before 5:00 p.m. December 2, 2010 and must include completed official county application. Stutsman County is an equal opportunity employer that does not discriminate on the basis of disability in the admission to, or employment in, its programs and activities.

HOSPITAL ADMINISTRATOR/CEO: Hospital/Clinics seeks Administrator. Qualified persons should submit resumes including salary expectations and references by December 15, 2010. Health-management experience required.

Morton and Oliver counties. Morton was the one that surprised me the most. I think it is the growth we have seen in North Mandan. I've worked there three times over the last eight years and it has more than doubled in size."

Kreidt said he expected the district's boundaries to change when the results of the 2010 census become official. "I am sure we are over the population limit now," Kreidt

Heller and Christmann appreciated the overwhelming support from voters.

"The support both on the campaign trail and at the polls was very humbling and engaging," Heller said. "I look forward to representing our district and state in the next election."

"I feel the election is affirming of what the Legislature is doing," Christmann said.

**STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
Allete, Inc.
Bison 1 Wind Project - Oliver / Morton Counties
Siting Application
Case No. PU-09-151**

**NOTICE OF INFORMAL HEARING
AND NOTICE OF OPPORTUNITY FOR HEARING**

November 12, 2010
On September 29, 2009, Certificate of Site Compatibility for Energy Conversion Facility No. 15 was issued to Minnesota Power, an operating division of Allete, Inc., (Allete) authorizing construction of a 75.9 MW Bison 1 Wind Project consisting of up to thirty three 2.3 MW wind turbine generators and associated facilities to be constructed in two phases in Morton and Oliver Counties of North Dakota. On November 8, 2010, Allete filed a request to modify the Certificate to move one wind turbine generator approximately 215 feet; and for authority to utilize Siemens direct drive turbine technology with 3.0 MW wind turbine

generators and a resulting increase in overall total generating capacity to 81.8 MW and a decrease by two in the total number of turbines to 31.

The issues to be considered in this matter are:

1. Will the location, construction, and operation of the modified facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
2. Are the modified facilities compatible with the environmental preservation and the efficient use of resources?
3. Will the modified facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

Those interested are invited to comment on the permit modification request in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Com-

ments and requests for hearing must be received by December 13, 2010. If deemed appropriate, the Commission can determine the matter without a hearing.

An informal hearing of this matter is scheduled to begin on December 8, 2010 at 1:30 p.m. CST in the Commission Hearing Room on the 12th floor of the State Capitol. At the informal hearing, the Commission will discuss this matter with the parties and interested members of the public.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission.
