RE: CPV Ashley Renewable Energy Company, LLC
Ashley Wind Power – Power Project – McIntosh Cty
Siting Application
Case No. PU-09-370

Dear Ms. Smith:

Thank you for CPV Ashley's request for clarification, with respect to the Commission's December 8, 2010 Findings of Fact, Conclusions of Law and Order, regarding whether turbine setbacks are to be measured from the center of the base of each turbine tower consistent with global positioning systems (GPS) coordinate points.

The Commission discussed this clarification request during its February 23, 2011 administrative meeting and asked me to inform you that measurements from the center of the turbine base are acceptable for purposes of this case. The Commission further clarified that this treatment in this case does not set precedent for future cases.

If you have any questions, please let me know.

Sincerely,

Jerry Zein
Public Utilities Division
