June 29, 2009

Mr. Darrel Nitschke  
Director of Administration  
North Dakota Public Service Commission  
600 E. Boulevard Ave., Dept. 408  
Bismarck, ND 58505-0480

Dear Mr. Nitschke:

For the four-month period ending May 31, 2009, the rate for the Cost of Energy Adjustment is (\$.0017) per kWh. Otter Tail Power Company proposes to bill at this rate effective July 2, 2009.

The following additional information is provided:

Average costs from previous month's adjustment:	\$ .031574
Average costs from current month's adjustment:	\$ .029245
Difference – (Increase) Decrease:	\$ .002329

The net effect of this fuel adjustment is to decrease the rate by \$.0023. The total resulting adjustment for the current billing period will then be (\$.0017) per kWh.

Information supporting the adjustment is enclosed. The costs reported in the supporting detail are based on the provisions of the Cost of Energy Adjustment Clause rate schedule approved by the Commission on May 2, 1983, in Case No. 10,334. Effective with interim rates in Case No. PU-08-862, the base cost of energy is \$0.030945. Additionally, Midwest ISO Day 2 costs are accounted for as authorized by the Commission's Order in Case No. PU-05-131 issued on August 8, 2007. A detailed schedule of the items included in the calculation is enclosed.

Mr. Darrel Nitschke
