**From:** Jim  Deutsch, Director - AML Division

**Date:** November 4, 2009

**Subject:** Close-out of Contract No. AM-582-09 for aerial photography and topographic mapping at the Buechler/Velva AML site

On August 12, 2009, the Commission entered into Contract No. AM-582-09 with Fugro Horizons, Inc., for aerial photography and topographic mapping at the Buechler/Velva AML site in Ward County. This contract required Fugro Horizons to produce an aerial photo and to prepare a detailed topographic map for about 260 acres at this site. The photo and topographic map will be used to prepare the design specifications for a large highwall reduction project next year at the Buechler/Velva AML site. The amount of the contract was \$12,130.

The work has been completed and we have received the photo and topographic map required under the contract. Project manager Mark Knell determined that all conditions of the contract were met by Fugro Horizons. The contracted work was completed for \$12,130.

Attached is a motion for the November 12, 2009 Commission meeting to close Contract No. AM-582-09.
