Re: Amendment and Supplement Information to Application for
Certificate of Corridor Compatibility and Route Permit
Case Number PU-09-587

Dear Mr. Nitschke:

Enclosed are an original and ten copies of an Amendment and Supplemental Information to Minnesota Power's Certificate of Corridor Compatibility and Route Permit Application for the proposed Bison I Project Transmission Line in Oliver and Morton counties. Included in this document is an amendment to the corridor and proposed route in the vicinity of BNI's operations, an additional agency consultation letter from the State Historic Preservation Office and transmission structure plan and profile drawings.

Please do not hesitate to contact me at the number below should you have any questions.

Sincerely,

David R. Moeller
