Subject: BNSF petition on 7 Private Crossings -- Exhibit 2

Please consider this e-mail as the Exhibit 2 that BNSF was asked to submit. The information comes from Lynn Liebfried, P.E.

88 private crossings were submitted from the field as having whistle posts. BNSF is removing the whistle posts from 77 of those 88 private crossings. That leaves 10 private crossings that may be the subject of a petition to the PSC. That number of 10 includes the six private crossings that are the subject of the pending petition.
