OF THE STATE OF NORTH DAKOTA**

In the Matter of the Application of Baldwin )  
Wind, LLC for a Certificate of Site )  
Compatibility to Construct a Wind Energy )  
Facility in Burleigh County, North Dakota )

Case No. PU-09-668

---

**AMENDED APPLICATION OF BALDWIN WIND, LLC  
FOR CERTIFICATE OF SITE COMPATIBILITY  
FOR A WIND ENERGY FACILITY**

---

On March 5, 2010, Baldwin Wind, LLC (“Baldwin Wind”), filed an Application for a Certificate of Site Compatibility to authorize construction of a 99 megawatt wind project consisting up to 62 wind turbine generators and associated facilities in Burleigh County, North Dakota.

Baldwin Wind hereby amends the Application to state its intent to construct up to a 102.4 megawatt wind energy facility consisting of up to 64 1.6 megawatt wind turbine generators and associated facilities in Burleigh County, North Dakota.

The two additional wind turbines will be located within the same footprint of land as set forth in the original Application.

This constitutes the only change to the Application, and Baldwin Wind hereby requests issuance of a Certificate of Site Compatibility for the Baldwin Wind Energy Center authorizing construction of up to a 102.4 megawatt wind energy facility consisting of up to 64 1.6 megawatt wind turbine generators and associated facilities.
