Dear Daniel Nitschke + PSC

PUBLIC SERVICE COMMISSION

I am writing to you concerning the dates on the public hearings on case No. PU-09-670. I am a landowner + farmer that is affected by this project. I will be very busy during the times of these public scheduled hearings and would not be able to attend because of seeding. I would like to see them rescheduled to sometime after June 1st so that myself and other farmers are able to attend + voice our opinions about this project.

thanks

Chad Ranser
