Re: Minnkota Transmission Line (Case No. PU-09-670)

Dear Mr. Weckerly,

Thank you for your written concerns in reference to the Minnkota Transmission Line and proposed dates and locations for Formal Hearings in your area.

I am happy to inform you that the Formal Hearings have been rescheduled to June 16th in Northwood at the Northwood School, June 17th in Carrington at the Chieftain Conference Center, and June 24th in Washburn at the Memorial Hall. All Formal Hearings are scheduled to start at 10:00 a.m. CST.

Your comments will be placed in the public input file for this case. It is important to note that because this is a formal case before the commission, both written and verbal comments submitted to the commission, including comments made at public input sessions, are not part of the formal evidentiary record on which the decision must be based. However, the comments that are not part of the formal record may form the basis for investigation and testimony that becomes part of the formal record. Comments become part of the formal record when they are made or submitted at a formal or technical hearing, where they must be made under oath and subject to cross-examination.

Sincerely,

Scott Sheldon
