Subject: FW: PU-09-670 CGF Structure Relocation Requests

Minnkota requests approval of five minor transmission line structure relocations in McLean and Wells Counties as shown in the attached descriptions. The movements range from 10 to 35 feet in distance and all remain on the existing center line of the approved route. No exclusion or avoidance areas are affected and all remain on the same land-owner's property. Please provide any thoughts or concerns you may have by noon on Thursday, June 13th otherwise I will plan to issue staff approval of the requests at that time. Thanks.
