# CGF Project Incident Report

Case No. PU-09-670

## Safety/Injuries

On May 22, 2014 an employee of a sub-contractor working for Michels Power, Neenah, WI was injured while preparing to change out a wire reel used in the wire pulling operation on the Center to Grand Forks 345 kV transmission Line Project.

The unidentified worker suffered a hand injury requiring surgery which was performed late in the evening on May 22<sup>nd</sup>. The outcome is not known at this time.

The accident happened in the late afternoon in Oliver County.

This is the initial report with more information to follow once submitted by Michels Power to Minnkota.
