Bismarck, North Dakota 58505-0480

**PUBLIC SERVICE COMMISSION**

RE: 360networks (USA) inc. Tariff North Dakota P.S.C. Tariff No. 1, Advice Letter No. 2

Dear Mr. Nitchke:

Enclosed for filing with the Nebraska Public Service Commission are an original and seven (7) copies of amended sheets 1, 2, 4, 48 and 51 to 54, to 360networks (USA) inc.'s ("360") switched exchange access tariff, North Dakota P.S.C. Tariff No. 1, for incorporation into the Company's Tariff.

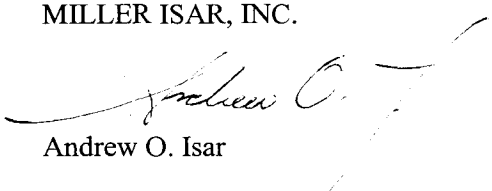

With this filing, 360 1) amends per minute switched access rates to reflect incumbent local exchange carrier rate amendments; 2) removes the toll free database inquiry service descriptions and rates from its tariff as the service has not been offered and will not be offered in the future; and 3) increases the manual primary interexchange carrier ("PIC") change charge and introduces an electronic PIC charge. The Company's new address is also reflected on the amended sheets. A November 9, 2009 effective date is requested, more than thirty days following the issue date.

Please acknowledge receipt of this filing by date stamping and returning the additional copy of this transmittal letter in the self-addressed, postage pre-paid envelope provided for this purpose

Thank you for your attention to this matter. Questions may be directed to me.

Sincerely,

MILLER ISAR, INC.

  
Andrew O. Isar

SERVICE DESCRIPTIONS

3.1 Switched Access Services

Switched Access Service, which is available to Customers for their use in furnishing their services to End Users, provides a two-point communications path between a Customer's premises and an End User's premises. It provides for the use of common terminating, switching and trunking facilities and/or functionalities. Switched Access Service provides for the ability to originate calls from an End User's premises to a Customer's premises (or a collocated interconnection location), and to terminate calls from a Customer's premises (or a collocated interconnection location) to an End User's premises in the LATA where it is provided. Switched Access Service must be ordered or provided as an Incidental Service separately for each LATA in which the Customer desires to originate or terminate calls.

Switched Access Service is provided in the following service categories, which are differentiated by their technical characteristics and the manner in which an End User or Customer accesses them when originating or terminating calls.

Terminating Switched Access provides trunk side-equivalent access to the Company's Network for the Customer's use in originating and terminating communications.

Customer's or its End User's use of any Incidental Service shall constitute Customer's agreement to all of the terms and conditions of this Tariff. Services provided on an incidental basis (Incidental Services) are billed to Customer on a monthly basis in accordance with Customer's recorded usage for each Service and the corresponding rates contained in the Rates Section, below.
