

## MEMORANDUM

To: Commissioners Cramer, Clark and Kalk  
Fr: Jerry Lein  
Da: May 11, 2010  
Re: 5-12-10 Agenda Item TC-1 Briefing Memo – NextEra 230 kV Transmission Line, Oliver – Morton Counties, Case No. PU-09-724

My review of the application indicates that the requirements in the Commission's application guidelines have been addressed. Therefore, I recommend the application be deemed complete. However, there are some activities still underway:

1. Micro-siting: The company will provide final transmission structure locations one week prior to hearing.
2. Class III Cultural Resource Survey – The northern portion of the route is currently being surveyed and a report is expected to be filed prior to the hearing.
3. Wetlands Delineation: Wetlands along the northern portion of the route are still being delineated and a report is expected to be filed prior to hearing.
