Oil Pipeline Tariff Filing
RECEIVED

NOV 30 2009

PUBLIC SERVICE COMMISSION

To Whom It May Concern:

Enclosed for filing are seven copies of the following local tariff issued by Enbridge Pipelines (North Dakota) L.L.C. (Enbridge North Dakota):

N.D.P.S.C. Tariff No. 57, cancelling N.D.P.S.C. Tariff No. 56

This tariff has an issuance date of November 30, 2009 and an effective date of January 1, 2010.

Explanation of Tariff Filing:

N.D.P.S.C. Tariff No. 57 incorporates a new surcharge for the transportation of crude petroleum on the Enbridge North Dakota pipeline. In January 2008, Enbridge North Dakota filed an Offer of Settlement seeking the Commission approval of a mechanism to recover the costs of the planned Phase 6 Expansion of capacity on the pipeline's system, which was approved by the Commission on October 20, 2008 (FERC Docket No. OR08-6-000). Enbridge North Dakota worked with its shippers to develop a project that would allow it to accommodate the increasing needs of industry and alleviate the bottleneck caused by the system's physical limitations, which currently is prorated. The Offer of Settlement enjoyed wide support from shippers, public officials, and others. The Phase 6 Expansion will add approximately 40,000 barrels per day (bpd) of capacity into Minot, North Dakota from the western end of the pipeline system and approximately 51,000 bpd of capacity from Minot to the eastern end of the system at Clearbrook, Minnesota. This will increase the maximum annual average capacity of the system to approximately 161,000 bpd.

The Offer of Settlement outlined that the expansion costs would be recovered through a cost-based surcharge on all shipments to Clearbrook, and that the surcharge would be trued-up annually and is not subject to the FERC index methodology. The surcharge will be added for a period of seven years to the existing Enbridge North Dakota base rates and other previously-approved surcharges.

Appendix A contains the estimated revenue requirement for 2010, based on the cost-of-service methodology as outlined within the Offer of Settlement. As illustrated in the supporting worksheets, the Phase 6 Expansion Surcharge has been applied to all routes with a destination of Clearbrook, MN.

In addition, the contact and associated information regarding the compilation details have been updated on the title page.
