Otter Tail Power Company Discontinue Prudence Big Stone II Application Case No. PU-10-30

NOTICE OF HEARINGS March 10, 2010

On August 27, 2008, the Commission adopted an order approving the requests of Otter Tail Power Company (Otter Tail) (Case No. PU-06-481) and Montana-Dakota Utilities Co.'s (Montana-Dakota) (Case No. PU-06-482) for an advance determination of prudence for their ownership in the proposed Big Stone II Generating Station. On December 2, 2009, Montana-Dakota filed an application for a determination

that Montana-Dakota's continued participation in the Big Stone II Generating Station is no longer prudent, Case No. PU-09-731.

On December 4, 2009, Montana-Dakota filed an application for authority to defer accounting for costs related to Montana-Dakota's efforts in securing new electric generation, primarily the Big Stone II Generating Station, until disposition of its next general electric rate increase, Case No. PU-09-733.

On December 14, 2009, Otter Tail filed an application for authority to use deferred accounting until its next rate case for costs incurred during its participation in the Big Stone II project, Case No. PU-09-739.

On January 19, 2010, Otter Tail filed an application for determination that continuation of the Big Stone II Project is no longer prudent, Case No. PU-10-30. Public hearings on the two Otter Tail cases, Case No. PU-10-30 and Case No. PU-09-739, will be consolidated and will be held beginning May 5, 2010 at 8:30 a.m. CDT in the Commission Hearing Room, State Capitol, 12th Floor, Bismarck, North Dakota, 58505.

The issue to be considered in Case No. PU-10-30 is whether Otter Tail's continued participation in the Big Stone II Generating Station is no longer prudent. The issue to be considered in Case No. PU-09-739 is whether authorization for deferred accounting of costs incurred during participation in the Big Stone II project is in the public interest.

Public hearings on the two MDU cases, Case No. PU-09-731 and Case No. PU-09-733 will be consolidated and will be held beginning May 5, 2010 at the conclusion of the hearings on the Otter Tail cases or at 1:30 p.m. CDT, whichever is later, in the Commission Hearing Room, State Capitol, 12th Floor, Bismarck, North Dakota, 58505.

The issue to be considered in Case No. PU-09-731 is whether Montana-Dakota continued participation in the Big Stone Generating Station is no longer prudent. The issue to be considered in Case No. PU-09-733 is whether authorization for deferred accounting of costs related to efforts in securing new electric generation including participation in the Big Stone project, is in the public interest.
