Conceptis Sudoku

By Dave Green

Difficulty Level ★★ ★★

Answer for Yesterday's Puzzle

Sudoku is a number-placing puzzle based on a 9x9 grid with several given numbers. The object is to place the numbers 1 to 9 in the empty squares so that each 9-cell row, each 9-cell column and each 3x3 box contains each number only once. The difficulty level of the Conceptis Sudoku increases from Monday to Sunday.

STATE OF NORTH DAKOTA PUBLIC SERVICE COMMISSION Bridger Pipeline LLC Crude Oil Pipeline-McKenzie, Dunn, Billings Siting Application Case No. PU-09-750 NOTICE OF FILING AND NOTICE OF HEARING August 4, 2010 On July 23, 2010, Bridger Pipeline LLC (Bridger) filed a combined application for a certificate of corridor compatibility and a route permit to authorize construction for approximately 77 miles of 12-inch crude oil pipeline in McKenzie, Dunn, and Billings Counties, North Dakota, as shown on the attached map. The Commission finds the combined application is complete. A Public Hearing on the combined application is scheduled to begin September 9, 2010 at 12 noon, MDT, at the City Hall, 165 Railroad St. SE, Killdeer, North Dakota, 58640. The issues to be considered are: 1. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota? 2. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources? 3. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion? For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance. is for the location. Tony stated hopefully be Thursday or Friday they should be begin drilling. There company is committed to four wells at the present time, but there is potential for many more. Councilman Andrus questioned how many trailers they are looking at moving into the trailer park. Tony at the present time they have one and possible second one may be moving in sometime in the future. Councilman Andrus stated that procedure needs to be taken when the law is violated. Tony stated they have a zero tolerance for this type of behavior in their company. Tony informed the council we are not here to cause issues in the community. He has contacted Police Chief Linda Mosbrucker and given contacts and numbers to her if an issue should arise. Neil Fuchs stated he feels the council is not looking at the facts, the issue is the skid mounted trailers and how many individuals are living in them. This is not the issue that we should be discussing; the question at hand was the zoning and how many individuals are living in them. Councilwoman Wagner explained her concerns were not focused on the people who are living there, but if the skid mounted trailers meet all federal and state regulations. The safety of the community also is a concern regarding the connections for the utilities the trailers are utilizing. Mel explained that the skid mounted trailers that are being referred to be in compliance with the regulations that are required for these types of homes. They are inspected at the facility were they are built and they are also inspected by the state of ND for the electrical inspection. Neil Fuchs made a statement that if they did not meet code they would not be allowed to be set up in the city. The motion on the table at the present time from Councilman Lefor was amended by Councilman Andrus to specify that only two skid mounted trailers are approved for the variance that is being applied for by Mr. Galster, as any other trailers or skid mounted trailers brought in would have to be approved before they are placed in Prairie Vista Mobile Home Park. The amended motion was seconded by Councilman Lefor. All in favor. GAMING PERMIT: A motion to approve the gaming permit application for the Christian Mothers was made by Councilman Andrus and second by Councilwoman Wagner. All in favor. EMERGENCY MANAGEMENT: Emergency Manager Andrus questioned if the siren was operating property. The siren has been operating when the weekly testing is done. OTHERS: Mayor Hurt reported the pumps at the lift station are not in working order. The pump #1 that has not been replaced in probably 20 years is not operating correctly. A new pump will cost approximately \$7000.00. If they pull the old pump and see were we are at cost wise for repairs Mayor Hurt will contact the council to see what option would be the best for the city. Councilman Spilchal made a motion stating he feels if the pump repairs are more than 70% of the cost of new pump we should purchase a new pump, motion was seconded by Councilwoman Wagner. All in favor. Mayor Hurt asked Street Commissioner Jim Spilchal if he would be able to check the culverts in town to make sure they are draining properly before we head into the winter season. In the past years we usually clean them out every year. Mayor Hurt also has contact Terry Behms regarding the start date of the Street Sealing project; at the present time the company is trying to find a contractor to complete the repairs on Bruce Ave. Terry will be in contact with Mayor Hurt after he has contacted Astech regarding
