**Subject:** Reroute report for Bridger Pipeline

**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

Attention: Pat Fahn,

My name is Liz France and I am the Project Director for the archaeological survey portion of the Bridger Pipeline project. On Monday 10-18-10 a crew was sent from our office to survey four reroutes along portions of the Bridger Pipeline. During the course of the survey, one small site was located in T.147N, R. 96W, Section 25 and was recorded. Bridger has agreed to shift the planned pipeline away from the site in order to avoid it. Once our office has submitted the site form and received a SITS number from the North Dakota State Historic Preservation Office, We will submit a copy of our addendum report to your office. If you have any questions please feel free to contact me at any time.

Thank You

**Liz France, Staff Archaeologist**
