**Importance:** High

Mr. Fahn,

Our contractor, that will be constructing the portion of the pipeline that crosses the Little Missouri River, has requested that we allow them to start building ROW this afternoon and work through the weekend. Bridger intends to let them start this afternoon.

As a result, the previously defined start date of Monday, November 1<sup>st</sup>, 2010 has changed to today, Friday, October 29, 2010.

Bridger will provide the first construction progress report, it will most likely be a short report, on Monday, November 1<sup>st</sup>, 2010 and every Monday thereafter until the project is complete.

Thank you,

Tyler Reece

Mr. Reece,  
Your email states that Bridger has provided confirmation of all the required permitting pertaining to the Bridger Four Bears Crude Oil pipeline. Your email also notifies the Commission of Bridger's intent to start construction as required by item #3 of the CERTIFICATION RELATING TO ORDER PROVISIONS – PIPELINE SITING. The next requirement is to notify the Commission the day construction begins.

Thanks for keeping the Commission updated.

Mr. Fahn,

It is my understanding that you have received confirmation of all the required permitting pertaining to the Bridger Four Bears Crude Oil pipeline. Having not received a response to the previous email I sent informing yourself and the North Dakota PSC of Bridger's intent to start construction I am sending this additional notification.

This correspondence is intended to notify yourself and the ND PSC of Bridger's intent to start construction as required by item #3 of the CERTIFICATION RELATING TO ORDER PROVISIONS – PIPELINE SITING.

Thank you,

Tyler Reece
