NOTICE: To implement Section 254 of the Communications Act of 1934, as amended, the Federal Communications Commission has adopted changes to the Lifeline and Linkup programs. The Commission has expanded the availability of these programs and the level of funding for discounts to low-income customers.

The following worksheet provides the means by which eligible telecommunications carriers will be reimbursed by the Universal Service Administrative Company (USAC) for their participation in these programs. Failing to collect the information, or collecting it less frequently, would prevent the Commission from implementing sections 214 and 254 of the Act, would thwart Congress' goal of providing affordable service and access to advanced services throughout the nation, and would result in eligible telecommunications carriers not receiving universal service support reimbursements in a timely fashion.

We have estimated that each response to this collection of information will take, on average, three hours for each respondent. Our estimate includes the time to read our data request, review existing records, gather and maintain required data, and complete and review the response. If you have any comments on this estimate, or on how we can improve the collection and reduce the burden it causes you, please write the Federal Communications Commission, AMD-PERM, Washington, D.C. 20554, Paperwork Reduction Project (3060-0810). We will also accept your comments on the burden estimate via the Internet if you send them to jboley@fcc.gov. Please DO NOT SEND the data requested to this e-mail address.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

This form is collected under the Communications Act of 1934, as amended. In certain instances, the information we request in this form, if we believe there may be a violation of a potential violation of a rule, regulation, order, or other authority, your responses may be reviewed by the Commission, the Department of Justice, or a court or adjudicative body when (a) the FCC; or (b) any employee of the FCC; or (c) the United States Government is a party of a proceeding before the body or has an interest in the proceeding.

If you do not provide the information we request on the form, the FCC may delay processing of your worksheet or may return your worksheet without action.

This reporting burden is estimated to average 3 hours per response, including the time for reviewing instructions, searching existing data sources, gathering the data, reviewing the collection of information, and reviewing the instructions. Send comments regarding this burden estimate or any aspect of this collection of information, including suggestions for reducing the burden, to Washington, D.C. 20543-0047, and to the Office of Management and Budget, Paperwork Reduction Project (3060-0810).
