On December 31, 2010, the Public Service Commission received the application for Revision No. 19 to Surface Coal Mining Permit NAFK-9503 from the Falkirk Mining Company. As part of this revision, Falkirk proposes to mine additional lands in Sections 15, 21, 22, 28, and 33, T145N, R83W, resulting in changes to the post-mining topography and reclamation schedules for lands within the permit. This revision also updates business entity and environmental information and other operations and reclamation plans in the permit.

On March 23, 2010, the Commission received a request for an Informal Conference from a person with concerns about the listing of subsurface owners on lands within the permit and the newspaper notice for this application.
