Public Notices

FINAL PUBLIC NOTICE OF THE INTENT OF FEMA TO FUND A PROJECT

Notification is hereby given of the Federal Emergency Management Agency's (FEMA)/Department of Homeland Security (DHS) intent to provide Public Assistance for Ramsey County and Benson County to construct permanent road grade raise projects in the Devils Lake Basin. The proposed projects were significantly damaged by severe storms and flooding that occurred during March 2009. The President declared the event a major disaster on March 24, 2009. Funding will be provided in accordance with the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 93-288, as amended.

Under the National Environmental Policy Act (NEPA) of 1969, FEMA is required to review the proposed action and possible alternative solutions to the proposed action. FEMA previously issued its Finding of No Significant Impacts (FONSI) and the Final Programmatic Environmental Assessment (PEA) for the Devils Lake Region on May 11, 2006 pursuant to the NEPA and FEMA's implementing regulations at 44 Code of Federal Regulations (C.F.R) Part 10. The PEA evaluated alternatives for compliance with applicable environmental laws, including: Executive Orders No. 11988 (Floodplain Management), No. 11990 (Protection of Wetlands), No. 12898 (Environmental Justice), and No. 13084 (Consultation and Coordination with Indian Tribal Governments). The alternatives evaluated include: (1) No Action, (2) Grade Raises (the Proposed Action), (3) Road Relocations, (4) Alternative Routes, and (5) Home Acquisition.

FEMA has determined that the PEA and the associated Finding of No Significant Impact fully and accurately describe the proposed actions and their potential impact and has developed a Draft Memorandum of National Environmental Policy Act Compliance per the requirements of the PEA. Per the PEA, compliance with Executive Order 11990 for Wetlands Protection and 44 CFR 9.12 (e) has been documented in the Draft Statement of Findings of Executive Order 11990 for Road Grade Projects in the Devils Lake Basin.

Interested persons may request a copy of the Memorandum of National Policy Act Compliance and the Statement of Findings of Executive Order 11990 for Road Grade Raise Projects in the Devils Lake Basin by contacting FEMA Region VIII, Regional Environmental Officer, Denver Federal Center, PO Box 25267, Denver, CO 80225 or Steven E. Hardegen (303) 235-4714 or steven.hardegen@fema.gov or review a posted copy @ http://www.fema.gov/plan/ehp/envdocuments/ea-region8.shtm. Comments should be sent in writing at the above address within 15 days of the date of this notice.

This notice will constitute the final notice as required by Executive Order 11990, Protection of Wetlands. If no significant issues are identified during the comment period, FEMA will finalize the Statement of Findings, issue an Order to Proceed, and fund the project.

PUBLIC LEGAL NOTICE
Notice of Availability
Environmental Assessment and Draft Finding of No Significant Impact for the Proposed Modernization and Operation of the Pinecreek Land Port of Entry, Roseau County, Minnesota
U.S. DEPARTMENT OF HOMELAND SECURITY (DHS), U.S. CUSTOMS AND BORDER PROTECTION (CBP), OFFICE OF FIELD OPERATIONS (OFO)
PROGRAM MANAGEMENT OFFICE (PMO), UTILIZING THE NATIONAL ENVIRONMENTAL POLICY ACT (NEPA) AND THE NATIONAL HISTORIC PRESERVATION ACT (NHPA) GUIDELINES AND PROCEDURES.

U.S. Customs and Border Protection (CBP) announces the availability of, and invites public comment on, the Draft Environmental Assessment (EA) for the Proposed Modernization and Operation of the Pinecreek Land Port of Entry (LPOE) in Roseau County, Minnesota.

This EA is published in accordance with the National Environmental Policy Act (NEPA), the National Historic Preservation Act (NHPA), as amended, and regulations of the Council on Environmental Quality.

CBP proposes to modernize and operate the LPOE located at the international boundary with Canada on State Highway 89 near Pinecreek, Minnesota using funding allocated for CBP-owned land port facilities appropriated in the American Recovery and Reinvestment Act of 2009 (ARRA). The proposed modernization activities will help CBP meet its border security mission and facilitate legitimate trade and travel, while encouraging a boost in national and local economies.

LPOE improvements would enhance site configuration and provide infrastructure that is adaptable to handle evolving inspection technologies, while maximizing officer safety and effectiveness.

For a 30-day period from March 3 to April 1, 2010, the Draft EA and Draft Finding of No Significant Impact will be available for public review and comment at the Library-Roseau Branch, 121 Center Street E, #100, Roseau, MN 56751; Roseau Public Library, 1307 3rd Street NE, Roseau, MN 56751; Greenbush Branch Library, 214 Main Street N, Greenbush, MN 56726; and Warroad City Library, 202 Main Avenue NE, Warroad, MN 56763; as well as on the Internet at http://www.NorthernBorderNEPA.com.

Comments should be submitted to Northern Border, PO Box 6760, Chesterfield, MO 63006-6760 or sent via e-mail to Comments@northernbordernepa.com by April 1, 2010.

(March 2, 2010)

REQUESTS FOR PROPOSALS

The Grand Forks Public Library requests proposals from qualified respondents to develop a new Website. The Grand Forks Public Library requires a new public web site and is soliciting responses to create and implement that site. The Grand Forks Public Library may conduct post-proposal discussions with any or all respondents and the Grand Forks Public Library may reject any part or all proposals. Proposals will be accepted until 5:00 pm central standard time, on March 12, 2010. For a complete description of project go to www.grandforksgov.com/library.

Otter Tail Power Company
2010 Renewable Resource Cost Recovery Adj. Factor

Case No. PU-10-18
NOTICE OF OPPORTUNITY FOR HEARING
February 24, 2010

On December 31, 2009, Otter Tail Power Company (Otter Tail) filed a request for approval for its 2010 Renewable Resource Cost Recovery Adjustment Factor (Factor) filed under its Renewable Resource Cost Recovery Rider (Rider) for recovering costs associated with wind farms. The proposed 2010 Factor includes updated actual and forecast cost and revenue information for investments in the Langdon, Ashtabula, and Luverne Wind Projects. The 2010 Rider, as proposed, would add $0.00203/kWh for an increase of $1.52/month for a typical residential customer using 750 kWh.

The Commission's May 21, 2008 Order in Case No. PU-06-466 determined that the investment in the Langdon Wind Project is prudent and associated costs were approved for inclusion in the Factor. The Commission's November 25, 2009 Order on Settlement in Case No. PU-08-742 approved the inclusion of costs for the Ashtabula Wind Project in the Factor. The inclusion in the Factor of costs for the Luverne Wind Project has not yet been approved.

The issues considered include:
1. Is Otter Tail's investment in the Luverne Wind Project used and useful for the service and convenience of the Public in North Dakota?
2. Should costs associated with the Luverne Wind Project be included in the Factor?
3. What Factor is necessary to provide a just and reasonable rate of return on Otter Tail's Commission approved investment in wind farms, used and useful, for the service and convenience of the public of North Dakota?

Petitions to intervene must be received by April 2, 2010. Comments and requests for a hearing must be received by May 12, 2010. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. If deemed appropriate, the commission can determine these matters without a hearing.
