STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
Northern States Power Company
Sale of Renewable Energy Credits
Tariff
Case No. PU-10-19
NOTICE OF OPPORTUNITY FOR HEARING
June 2, 2010

On January 4, 2010, Northern States Power Company ("NSP") filed an Application for approval to implement a pilot program in North Dakota to sell Renewable Energy Credits ("RECs") allocated to North Dakota jurisdictional customers and credit the applicable proceeds back to customers using the Fuel Cost Rider ("FCR").

Under North Dakota Administrative Code Chapter 69-09-02-39, the revenue from the sale of RECs is not an includable item in the FCR. NSP is asking the Commission to consider allowing the revenue from the sale of RECs to be included in the FCR under North Dakota Administrative Code Chapter 69-09-02-39.10.

The issue to be considered is whether or not to allow for a waiver of North Dakota Administrative Code Chapter 69-09-02-39 for the inclusion of the revenue from the sale of RECs in the FCR.

Those interested are invited to comment on the application in writing. Persons desiring a hearing must file a written request identifying their interest in the proceeding and the reasons for requesting a hearing. Comments and requests for hearings must be received by July 9, 2010. If deemed appropriate, the Commission can determine these matters without a hearing.

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400 or Relay North Dakota 1-800-366-6888 TTY.
