RE: Case No. PU-10-33, Enbridge Pipelines (North Dakota) LLC
Stanley Pump Station Construction
Siting Exclusion Certification

Dear Mr. Horton,

Thank you for your January 22, 2010 letter notifying the Commission that Enbridge Pipelines (North Dakota) LLC intends to construct a tank for storage of crude petroleum at its Stanley Station, located in Mountrail County, North Dakota.

This letter is to acknowledge that Enbridge has certified, under North Dakota Century Code section 49-22-03(3) that (1) the location for the intended construction is on a site for which Enbridge has previously obtained a Certificate of Site Compatibility for Transmission Facility and a Route Permit, (2) the construction activities to take place will not affect any known exclusion or avoidance area, and (3) Enbridge will comply with all applicable conditions and protections in siting law and rules and Commission orders previously issued for any part of the Stanley Station.

If you have any questions, feel free to contact me.

Best regards

Patrick Fahn
Director, Compliance and Competitive Markets Division
