Dear Mr. Nilson:

The Reclamation Division has reviewed the information mailed to us on June 14, 2010, relating to the public notice for final Bond Release Application No. 3 to Permit CCGH-8003. Please address Item No. 6 of our March 22nd letter prior to publishing the notice. Item No. 6 asks that the tract descriptions mention all of the post-mine land uses that have been reclaimed. Developed water resources and woodlands have been reclaimed in some of the tracts. NDCC 38-14.1-17 (1) (4) requires that the public advertisement mention the type of reclamation work performed. Once this change has been made, you may begin publishing the public notice. Please provide our office with a copy of the revised public notice and affidavit of publication.

If you have any questions, please contact this office.

Sincerely,

James R. Deutsch
Director
Reclamation Division
