Basis for Intervening:

Otter Tail Power Company (‘Otter Tail’) respectfully moves to intervene in the captioned proceeding. Otter Tail serves approximately 130,000 electric customers in western Minnesota, northeastern South Dakota, and eastern North Dakota. As a Midwest ISO transmission owner and a utility conducting business in the same state jurisdictional region as Montana-Dakota Utilities Co., Otter Tail may be affected by any decision that the Commission makes in this proceeding. Consequently, Otter Tail has a direct interest in this case that cannot be adequately represented by any other party. Therefore, the Commission should allow the intervention of Otter Tail.
