**Electric: Case No. PU-10-129**

The renewable electricity and recycled energy tracking proposed rule standardizes the content and format of required annual reports of electric retail providers.

**Decommissioning: Case No. PU-10-159**

The proposed rule implements the requirement in 2009 House Bill 1449 (N.D.C.C. § 49-02-27) that the commission's wind farm decommissioning rules address present and future natural resource development.

**Practice and Procedure: Case No. AD-10-167**

The proposed amendment repeals language regarding practice before the Commission that is inconsistent with the North Dakota Admission to Practice Rules.

All of the proposed rule changes and the statements concerning Regulatory Analyses, Small Entity Analyses and Takings Assessments may be reviewed at the Public Service Commission's offices on the 12th floor of the State Capitol, Bismarck, North Dakota. To obtain a copy of the proposed rule changes or the statements contact the Public Service Commission at 600 East Boulevard Avenue, Department 408, Bismarck, North Dakota 58505-0480, or 701-328-2400, toll free 1-877-245-6685.
