June 16, 2011

Ms. Carrie La Seur
Plains Justice
P.O. Box 1398
Billings, MT 59103

Dear Ms. La Seur:

In response to your May 5, 2011 request for additional Alluvial Valley Floor Study Area information for South Heart Mine permit application SHSH-1001, enclosed are copies of CD's that were recently provided to us by Golder Associates. The CD's contain raw hourly water level data of alluvial ground water monitoring wells and raw hourly barometric pressure data corresponding to the water level data (disc 1 of 1). Also enclosed are color infrared aerial photographs of the proposed mine permit area flown in June 2006 (discs 1 of 7 through 7 of 7).

Information regarding viewing of the data and software requirements is addressed in the June 13, 2011 cover letter from Golder Associates to the Reclamation Division.

If you have any questions, please contact this office.

Sincerely,

A handwritten signature in black ink, appearing to read "James R. Deutsch".

James R. Deutsch
Director
Reclamation Division
