

December 9, 2025

Mr. Steve Kahl
Executive Director
North Dakota Public Service Commission
600 East Boulevard; Department 408
Bismarck, ND 58505-0480

RE: 2024 Certificate of Operation
Minot Wind and PraireWinds ND1
Case No. PU-10-78

Dear Mr. Kahl:

Basin Electric owns and operates two wind energy facilities (Minot Wind and PraireWinds ND1) in Ward County, North Dakota. Because of geographic proximity and similar age, the decommissioning plan and cost estimate for the two facilities was combined into a single plan, most recently approved by the North Dakota Public Service Commission in December, 2019 under Case No. PU-10-78.

Pursuant to NDAC 69-09-09-03, the Certificate of Operation for 2024 for the referenced facilities is enclosed. I apologize for the oversight in submitting this more timely.

If you have any questions or require additional information, please contact me at edukart@bepc.com or 701.557.5557.

Sincerely,

A handwritten signature in cursive script that reads "Erin Fox Dukart".

Erin Fox Dukart
Director, Environmental Services

Enclosure

CERTIFICATE OF OPERATION
NORTH DAKOTA ADMINISTRATIVE CODE § 69-09-09-03
BASIN ELECTRIC POWER COOPERATIVE PU-10-78

I, Erin Fox Dukart, Director, Environmental Services, a duly authorized agent of Basin Electric Power Cooperative (**Basin Electric**) that has authority to bind the company in these matters, do hereby certify under oath:

1. Basin Electric owns and operated two wind energy facilities in North Dakota. Minot Wind consists of three (3) 1.5 megawatt (**MW**) General Electric (**GE**) turbines on 80-meter steel towers installed in 2009. PrairieWinds ND1 consists of seventy-seven (77) 1.5 MW GE turbines on 80-meter steel towers installed in 2009. Because of geographic proximity and similar age, the decommissioning plan and cost estimate for the two facilities was combined into a single plan, most recently approved by the North Dakota Public Service Commission in December, 2019 under Case No. PU-10-78.
2. Pursuant to ND Administrative Code § 69-09-09-01 (2), the following information is provided for the two Basin Electric wind energy facilities for the 2024 calendar year:
 - a. Nameplate generating capacity: 120 MW
 - b. Annual capacity factor: 38.27%
 - c. Annual megawatt hour (**MWh**) output: 328,652 MW
 - d. Monthly MWh output:

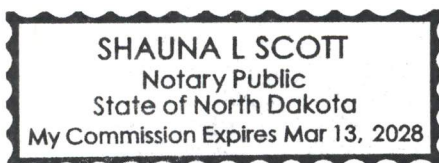

Month	Output (MWh)
January	33,859
February	25,968
March	24,980
April	26,433
May	28,027
June	29,553
July	15,952
August	28,432
September	24,555
October	25,055
November	26,406
December	39,432

Dated at Bismarck, North Dakota this day of December 8, 2025.

Erin Fox Dukart
Director, Environmental Services

STATE OF NORTH DAKOTA))SS.
COUNTY OF BURLEIGH)

This instrument was acknowledged before me this 8th day of December, 2025 by Erin Fox Dukart, the Director, Environmental Services on behalf of Basin Electric Power Cooperative.
