RE: 2025 Certificate of Operation
Minot Wind and PraireWinds ND1
Case No. PU-10-78

Executive Director:

Basin Electric owns and operates two wind energy facilities (Minot Wind and PrairieWinds ND1) in Ward County, North Dakota. Because of geographic proximity and similar age, the decommissioning plan and cost estimate for the two facilities was combined into a single plan, most recently approved by the North Dakota Public Service Commission in December, 2019 under Case No. PU-10-78.

Pursuant to NDAC 69-09-09-03, the Certificate of Operation for 2024 for the referenced facilities is enclosed. I apologize for the oversight in submitting this more timely.

If you have any questions or require additional information, please contact me at edukart@bepc.com or 701.557.5557.

Sincerely,
