Dear Mr. Glatt:

Enclosed you will find a copy of Revision No. 32 to Surface Mining Permit BNCR-9702 held by BNI Coal. This revision identifies the next 5-year coal removal subareas that are associated with the permit renewal and it also updates those portions of the permit dealing with post-mining land uses, the operations and reclamation planning sections.

Please review the materials and provide any comments to our office prior to June 7, 2010. Thank you for your cooperation in this matter. If you have any questions, please contact this office at 328-4096.

If you have any questions, please contact this office.

Sincerely,

James R. Deutsch
