In re: FPL Energy Oliver Wind I, LLC
Oliver I Wind Energy Center
Response to Notice of Non-Compliance
Case No. PU-10-101
Our File No. 035218-000023

Dear Mr. Fahn:

FPL Energy Oliver Wind I, LLC (“Oliver Wind I”) is in receipt of the Notice of Non-Compliance dated July 14, 2020 in the above-referenced proceeding (“Notice”), related to the requirement in North Dakota Administrative Code (“N.D. Admin. Code”) § 69-09-09-03 for the “owner” of a commercial wind energy conversion facility to “annually file a certificate of operation with the commission for that facility by April first of each year.” Oliver Wind I respectfully submits that it is not in non-compliance with the requirement in N.D. Admin. Code § 69-09-09-03, for the reasons described below. Nevertheless, and to address any question that the Commission or Staff may have regarding the operational status of this facility, enclosed is Oliver Wind I’s certificate of operation for calendar year 2019.

As described in the Notice, the definition of an “owner” that is required to submit a certificate of operation pursuant to this requirement is defined in N.D. Admin. Code § 69-09-09-01(9) as:

“Owner” means a person who holds a certificate of site compatibility pursuant to North Dakota Century Code chapter 49-22, or if no certificate was issued, a person who owns a facility or part of a facility.

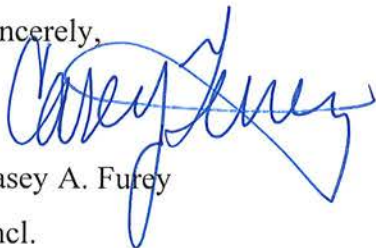

The underlined language included in this definition was recently added to § 69-09-09-01(9), in Case No. PU-19-291, which amendment was effective July 1, 2020. Therefore, prior to July 1,

2020, the “owner” of a facility that was required to file a certificate of operation was defined only to include “a person who holds a certificate of site compatibility pursuant to North Dakota Century Code chapter 49-22.”

Oliver Wind I owns the Oliver I Wind Energy Center in Oliver County, North Dakota. This wind facility did not previously receive a certificate of site compatibility under North Dakota Century Code (“NDCC”) chapter 49-22. Thus, at the time that the annual certificate of operations filings for 2019 were due on April 1, 2020, the requirement to submit such certificate did not apply to Oliver Wind I. Furthermore, the July 1 amendment is not retroactive in nature and does not require Oliver Wind I to submit filings for periods of time in which it was not otherwise subject to the provisions of N.D. Admin. Code Ch. 69-09-09. Accordingly, Oliver Wind I submits that it is not out of compliance with the requirements in N.D. Admin. Code § 69-09-09-03.

However, in order to address any questions that the Commission or Staff may have regarding its operations, Oliver Wind I provides the attached certificate of operation for calendar year 2019. Oliver Wind I is available to provide any further information that the Commission or Staff may require. Please do not hesitate to contact me with any additional questions.

Sincerely,

Casey A. Furey
