

Company	HESS Corporation
Project	Tioga Gas Plant Expansion
Location	Tioga, ND

Issue	
Revision	0
Author	BSW
Approval	
ND PSC Case	PU-10-120

Estimated Completion Date 6/30/13

Completion (pct) 30

LAST WEEK

- Start Flare Found exc and Pipe double random welding
- Cont Drill Pier and Pile Cap inst and Pipe Rack grd erect
- Start and finish Auger Pile compression and tension test and Auger Pile inst in Flare Drum area

THIS WEEK

- Cont Flare Found exc, Auger Pile inst in Flare Drum area, Pipe double random welding
- Cont Drill Pier and Pile Cap inst and Pipe Rack grd erect
- Start and finish Flare Found Auger Pile inst
- Contaminated soil disposal

SAFETY

Activities for this week included pier hole drilling, helical pile installation and drilling, pile cap construction, rebar cage construction, dirt work, crane assembly, material off-loading, structural steel assembly, flare foundation excavation, removal of contaminated soil, concrete containment construction, road maintenance, SWPP inspections and monitoring, water removal, warehouse assembly, pipe off-loading, pipe welding and equipment maintenance. Low of 8 below and high of 45 this week. Sunny to Blizzard conditions on 02-17-11. Wind speeds from 0-53mph. new contractor personnel continue to arrive weekly. 1 spill this week and 2 near misses due to slips on icy walkways.
