**RE: Contract No. PU-600-10: Post-construction Siting Inspections**

Dear Mr. Menden,

Under Contract No. PU-600-10 Wenck Associates, Inc. is providing consulting services for 7 post-construction inspection projects at energy conversion or transmission facility sites.

On May 6, 2011, I emailed you concerning an extension of Contract No. PU-600-10. Since that email, the Commission has been informed by State Procurement that, while the contract termination date is June 30, 2011, the services that Wenck is providing for the 7 siting inspection projects listed in the contract will continue under that contract. Therefore, there is no need to extend the contract to complete those services.

If you have questions, please contact me.

Best regards

Patrick Fahn  
Director, Compliance and Competitive Markets Division
