RE: Case No. PU-10-124, Montana-Dakota Utilities Co.
Electric Rate Increase Application

At its administrative meeting on June 30, 2010, the Commission discussed the June 10, 2010 letter on behalf of Enbridge Energy and Montana-Dakota Utilities Co.'s (MDU) response regarding the request that MDU agree to an extension of not less than two months for a final Commission decision in this proceeding, and the request that the Commission act on its own to modify the applicable rules procedure and require responses to interrogatories and information requests be provided within ten (10) days of service.

The Commission consensus was that it is most appropriate that these procedural matters be addressed if and when an entity has intervened as a party.

If you have any questions, feel free to contact me.

Best regards
