Dear Mr. Deutsch:

Enclosed are revised materials for Renewal 1 and Revision 15 to Permit NACT-0401. Responses below refer to deficiencies in your June 10, 2010 letter:

1. See revised Attachment 1 of the renewal application.
2. See the revised first page of the newspaper publication.
3. See the revised first page of the newspaper publication.
4. See the revised first page of the newspaper publication. The renewal application was also revised with the dates September 27, 2010 to September 26, 2015.
5. See the revised first page of the newspaper publication.
6. See the revised last page of the newspaper publication.
7. See the revised Revision 15 summary page (paper copy provided), and the revised first page of the revision application (paper copy and new original provided). Both these items were inserted into the permit, but to save time and money, no disks were cut, as these were very small, minor changes to the permit, and you can view them when disks are provided for technical deficiencies.

If you have any questions, please contact me.

Sincerely,
