Notice: Storage Units

Storage Containers shall only be allowed within City limits on property zone I-P. The total area of Storage Containers may not exceed three percent of any parcel of land and must be used as an accessory to an existing structure.

Storage Containers may be allowed in any area of the City, regardless of zone, for a period of no longer than seven days.

If a Building Permit has been obtained, Storage Containers may be permitted within the City, regardless of the zone, for a period of no longer than 6 months on the same or adjacent property as that property for which the building permit is effective.

In all instances of Storage Containers being allowed within the City limits not in conjunction with a building permit, a permit must be applied for and issued by the Building Inspector prior to its entry.

All owners of Storage Containers located within the City limits at the time of this enactment shall apply for a permit within 7 days. Those Storage Containers for which no application has been made will be in violation of the Watford City Zoning Ordinance.

STATE OF NORTH DAKOTA
PUBLIC SERVICE COMMISSION
BakkenLink Pipeline, LLC
Crude Oil Pipeline – Williams to Billings County
Siting Application
Case No. PU-10-218
NOTICE OF FILING AND NOTICE OF HEARING
August 3, 2011

On June 21, 2011, BakkenLink Pipeline, LLC (BakkenLink) filed applications for a certificate of corridor compatibility and a route permit to authorize construction for approximately 144 miles of 8-inch and 12-inch crude oil pipeline in Billings, Dunn, McKenzie, Stark and Williams Counties, North Dakota, as shown on the attached map. The trunkline will have bi-directional capability, and will be able to transport crude oil between Beaver Lodge and a new rail facility at Fryburg, North Dakota. BakkenLink also filed a request for waiver of procedures and time schedules established under North Dakota Century Code Chapter 49-22 and North Dakota Administrative Code Chapter 69-06-06. The Commission finds the applications are complete.

A Public Hearing on the applications is scheduled to begin September 1, 2011 at 10 a.m. CDT, McKenzie County Court House, 201 5th Street NW, Watford City, North Dakota, 58854. The issues to be considered are:

1. Is the proposed facility of such length, design, location, or purpose that it will produce minimal adverse effects, or, does a demonstrable emergency exist which requires immediate construction and that adherence to the procedures and time schedules would jeopardize the utility's system?
2. Will the location, construction, and operation of the proposed facilities produce minimal adverse effects on the environment and upon the welfare of the citizens of North Dakota?
3. Are the proposed facilities compatible with the environmental preservation and the efficient use of resources?
4. Will the proposed facility locations minimize adverse human and environmental impact while ensuring continuing system reliability and integrity and ensuring that energy needs are met and fulfilled in an orderly and timely fashion?

For more information contact the Public Service Commission, State Capitol, Bismarck, North Dakota 58505, 701-328-2400; or Relay North Dakota, 1-800-366-6888 TTY. If you require any auxiliary aids or services, such as readers, signers, or Braille materials, please notify the Commission at least 24 hours in advance.
