**RE: BAKKENLINK PIPELINE, LLC
8- and 12-INCH CRUDE OIL PIPELINE
- CASE NUMBER PU-10-218**

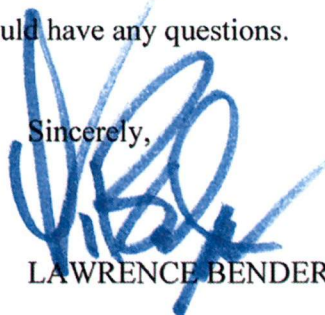

Dear Mr. Fahn:

This letter is in follow up to your telephone conversation with Jillian Rupnow regarding BakkenLink Pipeline, LLC's ("BakkenLink") request for four pipeline reroutes. As discussed, you require several items from BakkenLink before approving the reroutes. First, you have requested verification that BakkenLink has obtained landowner approval for the fourth requested reroute, which is a result of the relocation of the Arrow Receipt Point. Second, you have requested that BakkenLink submit certification that the reroutes will not impact any new exclusion or avoidance areas. Third, you have requested copies of environmental and cultural studies, as well as the State Historic Preservation Office's concurrence with a finding of *No Historical Properties Affected*.

If you disagree with any of the above, please advise above as soon as possible. BakkenLink intends to begin compiling the requested items for your review in the very near future.

Please contact our office if you should have any questions.

Sincerely,

LAWRENCE BENDER
