Mr. Darrell Nitschke  
Executive Secretary  
North Dakota Public Service Commission  
600 East Boulevard Avenue, Dept. 408  
Bismarck, ND 58505-4080

RE: BakkenLink Pipeline LLC Tree and Shrub Plan (Case No. PU-10-218) Update 12/15/2017

Dear Mr. Nitschke:

The BakkenLink Pipeline Tree and Shrub Restoration Plan, (Case No. PU-10-218, Revised April 15, 2016), Section 4.0 Replacement Monitoring requires BakkenLink to submit a report identifying the condition of replacement plantings prior to October 1 of each year. On September 28, 2017 BakkenLink requested and was granted an extension to submit updated counts to December 15, 2017.

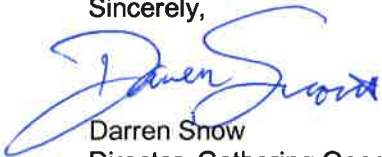

This report satisfies the requirement and identifies replacement plantings activities and conditions as required.

As previously reported BakkenLink worked with the ND Forest Service to turn over 23,375 trees in addition to 2,338 trees to offset unanticipated mortality for an overall total of 25, 713 trees. These plantings are expected to take place in 2017 and 2018.

Plantings for the ND Forest Service in addition to all requested landowner plantings are included in the attached report. This report identifies trees and shrubs removed for construction, replacement trees and shrubs planted as well as mortality numbers for each year surveyed.

If there are questions please feel free to contact me.

Sincerely,

Darren Snow  
Director, Gathering Operations ND/MT
