RE: BakkenLink Pipeline LLC Tree and Shrub Restoration Plan (Case No. PU-10-218) Update 10/1/2019

Dear Mr. Fahn:

The BakkenLink Pipeline Tree and Shrub Restoration Plan (Case NO. PU-10-218, Revise April 15, 2016) Section 4.0 Replacement Monitoring requires BakkenLink Pipeline LLC to submit a report identifying the condition of replacement plantings prior to October 1 of each year. Per correspondence with the Commission related to the 09/13/2019 submission, attached are the reformatted 2019 counts for past years' plantings and survival rates.

This report satisfies the requirement and identifies replacement plantings activities and conditions as required. As such, BakkenLink Pipeline LLC respectfully requests that the Tree & Shrub Mitigation Plan be considered satisfied and closed out.

If there are questions, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink that reads 'Darren Snow'.
