RE: Capacity Increase - Decrease

Dear Jason:

Your request to increase the license capacity at LaMoure by 1,822,000 bushels to reflect the addition of new facilities as identified in the June 2010 documents and the addition of temporary ground storage (Section G) is approved. With this change your licensed capacity is now 4,433,000 bushels at LaMoure effective immediately.

Your request to decrease the capacity at LaMoure by 1,017,000 bushels (4,433,000 to 3,416,000) effective March 31, 2011 to reflect the deletion of the temporary storage is granted. **Our office will not contact you regarding this reduction. If you are unable to have the grain removed before March 31, 2011, you must contact the Licensing Division.**

You may not use any other space for warehouse operations without prior written approval from the Commission. Space that is not approved for use by the Commission must be physically disconnected from the remainder of your elevator.

Your continued cooperation is appreciated. If you have any questions, please call me at 701-328-4097.

Sincerely,  
  
Susan K. Richter, Director  
Licensing Division
