Re: Fuel Clause Adjustment (FCA)  
 Case No. PU-10-\_\_\_

Montana-Dakota Utilities Co. (Montana-Dakota), a Division of MDU Resources Group, Inc., herewith respectfully files an original and seven (7) copies of its fuel clause adjustment (FCA) per its Fuel Clause Rate 58. The attached statement shows the following:

Cost per Kwh	\$0.02015
Base Cost/Kwh Included in Current Rates	<u>0.01303</u>
Total Billing Adjustment	\$0.00712

The net effect of this FCA is to increase the rate by 0.038 cents per Kwh for service rendered in the month of July 2010. All of North Dakota's electric customers will be affected by this proposal. There were 75,787 electric customers in North Dakota as of May 31, 2010.

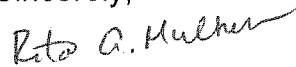

The increase in the FCA for July is caused by the fact that the lower cost month of January, used in the June calculation, was replaced by the higher cost month of May.

In response to Paragraph No. 11 of NDAC Section 69-09-02-39, Montana-Dakota purchases natural gas used for electric generation from its own gas operations or transports natural gas purchased from others under the applicable gas tariff approved and on file with the Commission in the state where the purchase is made or the transportation occurs.

Montana-Dakota submitted a check for the amount of \$600.00 on December 17, 2008. This payment will cover the filing fee associated with this monthly FCA filing, in accordance with North Dakota Century Code Section 49-05-05.

Please acknowledge receipt by stamping or initialing the duplicate copy of this letter attached hereto and returning the same in the enclosed self-addressed, stamped envelope.

Sincerely,

Rita A. Mulkern  
Regulatory Analysis Manager
