

Table of Contents

1	PREFACE	1-1
2	RESOURCE PLAN NON-TECHNICAL SUMMARY	2-1
3	CURRENT OUTLOOK.....	3-1
3.1	Projected Load and Capability.....	3-4
4	PLAN DEVELOPMENT.....	4-1
4.1	Plan Objectives	4-1
4.2	Planning Tools	4-1
4.3	Planning Process	4-2
5	PREFERRED RESOURCE PLAN.....	5-1
5.1	Preferred Resource Plan Description.....	5-3
5.2	Load Growth Scenarios.....	5-7
5.3	Environmental Externality Scenarios.....	5-8
5.4	50% and 75% Conservation and Renewable Scenarios.....	5-8
5.5	Additional Sensitivity Scenarios.....	5-10
6	CONCLUSION.....	6-1
6.1	Preferred Plan is in the Public Interest.....	6-1
6.2	Socio-Economic Impacts of the Preferred Plan	6-3
6.3	Five-Year Action Plan	6-6

List of Appendices

- Appendix A: Plan Cross Reference and Checklist
- Appendix B: Electric Utility Report
- Appendix C: Existing Resources
- Appendix D: Potential Resources
- Appendix E: Environmental Issues
- Appendix F: Assumptions for Strategist Modeling Scenarios
- Appendix G: Otter Tail's REO/RES Compliance Strategy
- Appendix H: Update on C-BED Progress

List of Tables

<i>Table 2-1: Summer 2010-2025 Base Case Projected Load and Capability Prior to Resource Plan Information</i>	2-2
<i>Table 2-2: Winter 2010-2025 Base Case Projected Load and Capability Prior to Resource Plan Information</i>	2-3
<i>Table 2-3: List of Resource Alternative Technologies Evaluated and Included in Strategist Model</i>	2-4
<i>Table 2-4: Preferred Resource Plan Summary</i>	2-6
<i>Table 3-1: Summer 2010-2025 Load and Capability Prior to Preferred Plan Information</i>	3-6
<i>Table 5-1: Annual Summer Accredited Capacity Values of Potential Future Resources for the Preferred Plan or Base Case (MW)</i>	5-1
<i>Table 5-2: Estimated MWh Savings Due to Conservation in all Jurisdictions</i>	5-4
<i>Table 5-3: Comparison of Load Growth Scenarios to Base Case</i>	5-7
<i>Table 5-4: Comparison of Externality Scenarios to Base Case</i>	5-9
<i>Table 5-5: 50% and 75% Renewable and Conservation as Percent of Total New MN Energy Requirements</i>	5-10
<i>Table 5-7: Additional Sensitivity Scenarios Compared with Base Case</i>	5-18
<i>Table 5-8: Additional Sensitivity Scenarios Compared with Base Case (continued)</i>	5-19
<i>Table 5-9: Additional Sensitivity Scenarios Compared with Base Case (continued)</i>	5-20
