RE: Capacity Increase

Dear Arthur:

The license capacity has been increased at Wildrose by 26,000 bushels to reflect the addition of two hopper bins identified by Michael McNamee during his August 10, 2010 grain warehouse examination. With this change your licensed capacity is now 119,000 bushels at Wildrose effective immediately.

Please remember that you must obtain prior approval before using space that is not part of your approved licensed facility. If you have any questions, please call me at 701-328-4097.

Sincerely,

Susan K. Richter, Director
Licensing Division
