Dear Ron,

We understand that you would like to install an electric service for a pasture well located in the NE1/4 NW1/4 Section 27 T151N R78W.

Since our nearest line is over ½ mile away and there is an existing Ottertail Power Co. line running past your proposed well site, we agree that it is more practical for you to seek service from Ottertail for this particular well.

Ottertail will need to apply to the ND Public Service Commission for a certificate to serve this load within our service territory. We have no objection to Ottertail providing service to this well.

Very truly yours,
