RE: Warehouse License  
Technology Crops, Inc.

Technology Crops, Inc., Winston-Salem, North Carolina, filed a license application to operate a 1,553,000 bushel grain warehouse at Pingree, North Dakota. Technology Crops, Inc. established a receiving station in 2006 with the grain warehouseman that licensed this facility. A majority of the facilities at Pingree is used by Technology Crops, Inc. and they are establishing their own license at this location.

Statutory compliance has been met and I recommend the license application request be approved. A corresponding motion and order are attached.
